Application for the position “Laravel Developer”

Dear Sir,

I am writing to apply for the position “**Laravel Developer**”. With great interest I am sending my application documents for the above position.

I have experienced on web design and development. I have worked on different Laravel and Vue js project. Throughout my working and training I gathered good experience on Html, Css, Javascript, Laravel, Php, Mysql, Ajax, Git, JQuery, Bootstrap, Vue Js, Tailwind Css, React Js, Next Js.

I have strong interpersonal skills with the ability to work as a team and to help create a calm and friendly work environment. I am also self-motivated with the ability to accomplish tasks and meet deadlines when working independently. I have an excellent command over both speaking and writing in English.

I find your company profile and the job position fits perfectly with my professional goals. With my practical and theoretical knowledge, I am confident to work with your team. In my resume I have mentioned my technical and programming languages skills. If you need more information, please let me know so that I can provide you the desired documents.

I am available for the position. I would be very happy if I get the chance of personal conversation with you to prove myself as a potential candidate for the above position.

Sincerely

Shamima Haque
